1 SEASON

FIELD COMPOSTABLE MULTI SEASON

NATURAL PEST REPELLANT

DESIGNED TO BE LEFT IN THE FIELDS

CLAY + PAPER =

VINYL + PLASTIC =

KEY FEATURES

- Effortless Pest Protection: the Cone Insect Barrier acts as a natural guardian for your garden, deterring caterpillars, insects, and rodents without the hassle of installing stakes or frames
- Peppermint-Infused Defense: we've enhanced this cone with the invigorating scent of peppermint, a fragrance that insects and rodents find repulsive
- Seedling Shield, ideal for protecting delicate seedlings, young plants, and garden beds from voracious caterpillars and insect infestations
- Non-Toxic & Eco-Friendly. It doesn't rely on harmful chemicals or pesticides.
- No-Stress Installation, with no need for stakes, frames, or complicated setups, using our Cone Insect Barrier is a breeze.
- Versatile Usage, suitable for various plants, from flower beds & vegetable gardens to fields, shrubs, and small trees, ensuring your entire field is pest-free.
- Healthy Growth, our plants can now flourish without the constant threat of caterpillar damage and insect attacks, leading to vibrant, thriving fields and gardens.
- Sustainability, made from sustainable materials, our Cone Insect Barrier aligns with responsible agriculture field and gardening practices.
- Engineered to maintain integrity in wet storage.
- Entirely U.S. materials, innovation and manufactured.
