BOAFANG™ AUTO-ZIP GUN

AUTOMATIC ZIPPER TIE GUN FOR VARIOUS APPLICATIONS
CAPABLE OF LARGER DIAMETERS THAN WIRE TIE GUNS.

KEY FEATURES

- Enables automatic self-tying action of Boafang TM cinchstrip products, simplifying the securing process.

- Ideal for quick and efficient use in various applications.

- Up to 1" diameter to wrap on.

- Inner rotary die crafted from resilient D-2 steel ensures a long product life, offering durability and longevity.

- Solid steel frame provides a robust base for the system, ensuring reliability.

- Activates a series of motors in unison to securely tie cinchstrips, even in tight or hard-to-reach places.

- Enhances the ease of use for a wide range of applications.

- Integrated with a rechargeable 12V battery, providing the necessary power for seamless and automatic zipping.

- Portable and versatile, suitable for various settings and tasks.

- Encased in a resistant plastic case, the compact module houses the dies and steel frame, ensuring product protection.

- Ergonomic handle design offers comfortable and user-friendly manipulation for extended use.

- Entirely U.S. materials, innovation and manufactured

BENEFITS

- **Efficiency and Speed:** The Boafang Ziptie Gun automates the cinchstrip tying process, significantly reducing time and effort required for securing items.
- **Long-Lasting Performance:** Built with high-quality materials, including D-2 steel, it ensures a durable and extended product life, withstanding rigorous use.
- **Versatile Application:** Suited for a wide array of tasks, particularly for securing cinchstrips in tight and challenging spaces, making it ideal for both professionals and hobbyists.
- **Portable Power:** The rechargeable 12V battery makes the system mobile and capable of use in various environments, ensuring on-the-go convenience.
- **User-Friendly Design:** The ergonomic handle and compact construction offer comfortable and straightforward operation, enhancing overall usability
